

RUGBY DRESS HACK

This hack tells you how to create a gathered back for the Rugby Dress pattern.

ADAPT YOUR PATTERN

Add 9cm to the BACK (2) at the centre back. This will be the new centre back and fold. Create an extra notch 9cm in from the armhole seam on the BACK (2) and YOKE (3)

EXTRA REQUIREMENTS

For 140-150 wide fabric, please use fabric requirements for 120 wide fabric.

INSTRUCTIONS

The instructions are the same, apart from:

Add a step between 11 and 12:

Work two lines of stitching, one 1.4cm away from the edge and another a foot's distance away from the first between the new notches you added on the BACK (2).

Pull up these gather rows until the back fits the yoke. Complete instructions to the end.
